CITB - Site Supervisors' Safety Training Scheme (SSSTS) Refresher

Introduction

This course will review the content of the original course and provide a timely reminder of the safety responsibilities of a construction site supervisor along with any updates or changes to legislation or industry best practice. The refresher course must be attended in order to renew the original CITB Site Supervisors Safety Training Scheme certificate.

Course Duration

SSG offer this course over 1 day.

Who Should Attend?

This course is for those delegates who have previously attended the CITB 2 day Site Supervisors Safety Training Scheme course.

Course Objectives

To ensure that at the end of the course delegates will be able to:

- Increase health and safety awareness on site at a supervisory level
- Keep Site Supervisors up to date with changes in legislation and industry best practice
- Remind Site Supervisors of their safety responsibilities on site

Course Programme:

- Introduction and review of previous knowledge
- Update on any changes to legislation or industry best practice
- Risk assessments and method statements
- Fire prevention and control
- Occupational health
- Hazardous substances
- Working at Height
- Update on other workplace hazards
- Group exercise

Certification and Assessment:

The method of assessment will be by multiple-choice questions at the end of the course as well as being expected to be interactive during the course. Successful delegates will receive a ConstructionSkills certificate valid for 5 years, renewed by attending a 1 day refresher course.
