

IOSH Managing Safely

Introduction

The Institution of Occupational Safety and Health (IOSH) is Europe's leading body for health and safety and is committed to promoting protection from workplace hazards at every level. The Managing Safely certificate issued by IOSH is recognised nationally and identifies the holder as having been instructed in proactive approaches to managing health, safety and welfare.

The course covers the basics in health and safety management in a high impact interactive format, whilst giving management the tools to introduce new workplace controls, implement sensible changes and reduce workplace risks.
