

## S.P.A. Petrol Update, Improve and Renew

### Introduction

The course aims to review and remind delegates of the hazards and risks associated with everyday working on a petrol forecourt including the general measures and controls required for safe working.

### Course Duration

SSG offer this training as a one-day course.

### Who Should Attend

People who currently hold a valid Petrol Retail Passport. The passport must be renewed every 3 years by attending a SPA Refresher course.

### Course Programme

- Start of the day preparation
- Drive, arrive, take 5, stay alive
- Booking in
- Communication (two way)
- Task and site hazards
- Doing the job safely
- Environment and waste
- Completing the correct paperwork
- Task execution (will be a group exercise)
- Completion and hand back

### Certification and Assessment

There are two multiple choice examination papers during the course of the day.

The Petrol Update, Improve and Renew training course is accredited by Safety Pass Alliance and provides successful candidates with a renewed S.P.A Petrol Retail card.

As of 02 April 2012, the 3 month grace period no longer applies for Petrol Retail. Delegates must complete the Petrol Update, Improve and Renew course prior to certificate expiry.
