

CITB Site Environmental Awareness Training Scheme (SEATS)

Introduction

Environmental issues are becoming increasingly important to businesses of all sizes. This course aims to provide delegates with an introduction to environmental issues in construction sites.

It is designed to meet the basic environmental knowledge that the sub-contract chain is required to prove to major contractors.

Course Duration

SSG offer this course over one day.

Who Should Attend

The Site Environmental Awareness Training Scheme (SEATS) is aimed at Site Managers and Site Supervisors.

Please note: Delegates must be competent in English at supervisor level in order to complete this course.

Course Programme

- The environment and why it matters
- Environmental management systems
- Contaminated land
- Waste management
- Pollution Prevention and water management
- Statutory nuisance, communication, archeology and heritage
- Energy and resources
- Being a responsible contractor

Certification and Assessment

Assessment will be by multiple-choice questions at the end of the course. Delegates will also be expected to actively take part during the course. Successful delegates will be awarded with a CITB certificate, which is valid for five years.
