

# IEMA Foundation Certificate in Environmental Management

## Introduction

IEMA is the membership body for more than 15,000 environment and sustainability professionals worldwide. Supporting individuals and organisations in setting and achieving globally recognised standards for sustainable practice, will in turn drive the development and uptake of sustainability skills.

This course will provide delegates with a foundation of environmental and sustainability knowledge to build on. Covering a wide range of environmental, sustainability and governance principles, this course will give learners an understanding of the breadth of the sustainability agenda, and the management tools and skills that they will need when working within this area.

## Course Duration

SSG offer this course over 5 days.

## Who Should Attend

This course is aimed at delegates who are initiating a career in environmental management and want a solid foundation of environment and sustainability expertise to build on.

There are no formal entry requirements for this course.

## Course Programme

- Implications of global trends for the environment, society, the economy and for organisations
- Sustainable business/governance principles
- Environmental principles
- Major policy and legislation
- Major tools, techniques, systems and practices to improve sustainability performance

- The role of innovation in developing sustainable products, services and solutions
- Data collection, analysis and evaluation
- Research and planning for sustainable solutions
- Effective communications and feedback
- Stakeholder engagement
- Tools and techniques to identify opportunities and risks
- Environmental and sustainability performance improvement

### Certification and Assessment

On successful completion of this course, and a one-hour open book online multiple-choice exam, delegates will receive an IEMA certificate. Delegates must complete the online multiple-choice exam within 28 days of the start of the examination period and must have access to a device with a reliable internet connection. Delegates will receive log in details to their registered e-mails prior to their examination period starting and are responsible for undertaking the examination in accordance with the IEMA regulations.

Delegates will also become eligible for Associate membership, giving them the AIEMA suffix and the benefits of IEMA membership. One year's membership is included as part of the course registration.
