

Paediatric Emergency First Aid

Unit 1 (1 Day)

Introduction

This one-day Paediatric Emergency First Aid course has been designed for those who care for children and infants.

Course Duration

This is a 1 day course. A minimum of six hours makes up this unit consisting of theoretical and practical work, plus some pre-course activity could be required.

NOTE: If you have a professional interest i.e. you are a child-minder or school teacher etc in order to satisfy the guidelines and criteria as laid down by the Early Years Foundation Stage (EYFS) and OFSTED, you must attend the full two day course. **This course only partly fulfils the requirements.**

Who Should Attend

Anyone who cares for children and infants, such as parents, grandparents and babysitters.

Pre-requisites for Delegates: Students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment. A student cannot assume a responsibility in the workplace for children and infants until they reach the age of 16, and then it is the employer's responsibility to ensure that the student is suitable for that role. The certificate will expire as dated on the certificate, irrespective of age.

Dress Code: Due to the practical nature of this course delegates are requested to wear suitable clothing i.e. long trousers, clean footwear. Mid length skirts with suitable leggings may be worn at the trainers discretion.

Course Programme

A range of subjects is covered including:

- Principles of first aid
- First aid equipment
- Infection control
- Responsibilities and reporting
- Role of the Paediatric First Aider
- Primary / Secondary survey
- Dealing with an unresponsive casualty
- Resuscitation
- CPR and Defib
- Wounds and bleeding
- Choking
- Seizures
- Anaphylaxis

Certification and Assessment

Assessment is ongoing by the instructor in respect of the student's practical ability, along with a multiple choice question paper. A unit accreditation certificate (FAIB) lasting three years will be issued, subject to assessment.
