

Paediatric First Aid

Full Qualification (2 Days)

Introduction

This two-day FAIB Level 2 course satisfies the guidelines and criteria as laid down by the Early Years Foundation Stage (EYFS) and OFSTED and has been developed for those who are working with children and infants. In order to obtain this qualification, you must attend both days and complete the two units of accreditation.

Course Duration

A minimum of 12 hours; consisting of theoretical and practical work.

Who Should Attend

This course will be of particular interest to people responsible for children, who wish to gain a nationally accredited FAIB Level 2 Award.

Pre-requisites for Delegates: Students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment. A student cannot assume a responsibility in the workplace for children and infants until they reach the age of 16, and then it is the employer's responsibility to ensure that the student is suitable for that role. The certificate will expire as dated on the certificate, irrespective of age.

Dress Code: Due to the practical nature of this course delegates are requested to wear suitable clothing i.e. trousers, clean footwear.

Course Programme

A range of subjects is covered including:

- Responsibilities and reporting
- Dealing with an unresponsive casualty
- Resuscitation
- Fainting
- Assessment of the situation
- Head injuries
- Choking
- Diabetes
- Fractures
- Foreign bodies
- Meningitis
- Control of bleeding and shock
- Anaphylaxis
- Burns
- Eye injuries
- Heat and cold
- Asthma
- Sickle cell anaemia

Inspiring people and businesses to work safely and sustainably

Certification and Assessment

Assessment is ongoing by the instructor in respect of the student's practical skills and there will be a multiple choice question paper to answer in respect of their knowledge. Attendance certificates will be issued after course completion and are valid for 3 years. It is suggested that certification is renewed every three years to ensure that those persons responsible for First Aid are kept up to date with best practices.
