

# NEBOSH National General Certificate in Occupational Health and Safety NGC1 Only

## Introduction

The NEBOSH National General Certificate is the most widely held health and safety qualification of its kind in the UK. Many people take the NEBOSH National General Certificate as a first step in a career in health and safety. It provides a valuable overview, and is a sound basis for further professional study.

## Course Duration

Seven days including the revision day, practical and written exams. This course is also available to distance learners with a view to course delivery over a period of time which suits the learner.

In addition to classroom based study, delegates will be expected to undertake a minimum of 23 hours private study time.

## Who Should Attend

Suitable for managers, supervisors and staff from all types of organisations making day-to-day decisions at work who need a broad understanding of health and safety issues and to be able to manage risks effectively.

## Professional Membership

Holders of the NEBOSH National General Certificate in Occupational Health and Safety qualification meets the academic requirements for Technical membership (Tech IOSH) of the Institute of Occupational Safety and Health (IOSH -[www.iosh.co.uk](http://www.iosh.co.uk)) and Associate membership (AIIRSM) of the international Institute of Risk and Safety Management (IIRSM-[www.iirsm.org](http://www.iirsm.org)).

## Course Programme

To successfully achieve the complete National General Certificate in Occupational Health and Safety, delegates must pass all three elements of the course syllabus. The NGC1 Unit - Management of Health and Safety is the foundation module for any delegates wishing to achieve this and other NEBOSH qualifications, which covers the following:

### Unit NGC1 - The Management of Safety and Health

- Element 1 - Foundations in Health and Safety
- Element 2 - Health and Safety Management Systems 1 - Plan
- Element 3 - Health and Safety Management Systems 2 - Do
- Element 4 - Health and Safety Management Systems 3 - Check
- Element 5 - Health and Safety Management Systems 4 - Act

## Certification and Assessment

Delegates will be assessed through practical and written examinations set by The National Examination Board in Occupational Safety and Health (NEBOSH).

Successful delegates will be awarded with the nationally recognised qualification.
